With Ultrasonic Infusion \$175

Microdermabrasion Deluxe

With LED, High Frequency, Topical Light Infusion, or Peel Away Mask \$199

Customized for your needs!

LED Facial with Topical Light Infusion

30 minutes \$150

Customized Infusion with 2800 lights panel.

Clinical Plasma Electroporation, Microcurrent Facial

Using the leaf \$175

A non-invasive approach to creating micro channels (a temporary passage) in the skin to allow for easy absorption of active products without creating any skin damage.

* Transfers energy to the skin's tissue structure inducing skin regeneration and collagen formation and reducing wrinkles along the way.

* Generates a large amount of oxygen providing wound healing and scar relief.

* Promotes blood flow without causing collagen decomposition.

* Effective for treating pigmentary disorders with NO recovery time as there is no damage to the skin.

All this - without the use of needles and no risk of microthermal damage.

Face Reality Acne Clearing System

With High Frequency & LED

First treatment with detailed consultation & custom selected handouts \$175 follow up facials \$125

Lisa is a certified acne consultant with face reality and can identify and treat even the most stubborn acne cases using Face Reality's holistic treatment protocol.

Osmosis Nano Infusion Facial

With Ultrasonic or LED \$175

Facial Infusion generates a 30-day collagen production increase and is a wonderful option used to boost/speed the results of the Osmosis protocols. It is unique because it avoids damaging the epidermis by penetrating several high-dose active ingredients into the dermis through liposomal delivery. Facial Infusion enhances results for acne, aging, rosacea, and hyperpigmentation and can be customized by adding powder blends and actives for increased correction.

Oxygeneo 3-in-1 Super Facial

With customized LED Treatment \$145

Award winning technology immediate results visible from the very 1st treatment

- Gentle exfoliation
- Natural Skin Oxygenation by BOHR effect
- Skin Nourishment with Active Ingredients

LED or Ultrasonic included for extra restorative effect.

Advanced Korean Skin Care

Oxyjet / V-line Magic Lift Facial

Best described as a medical approach to an anti-aging facial. \$175

Oxyjet: Oxygen bubbles penetrate into the skin, stimulates blood circulation, exfoliates dead skin cells, moisturizes & brightens.

Active Ingredients:

- Arbutin- pigmentation lightening, tyrosinase inhibitor, brightening.
- HA- moisturizing, reduces appearance of wrinkles.
- Panthenol- deeply moisturizes, retains hydration, calms inflamed acne, anti-inflammatory, smooths & soothes, speeds up healing.

V-line: Combining PDO Thread (same threads as used in PDO Injections) and colloidal gold. PDO thread collagen components are absorbed slowly, maximizing the lifting effect & improving complexion. Colloidal Gold enhances ion action of the skin to make thread collagen components penetrate to a deeper layer of the skin. Vline contains Collagen Gel with a lifting effect, Colloidal Gold makes the skin elastic, Aloe Vera makes the skin radiant, improves elasticity and circulation of the skin. We now

14 Karat LuvGold Deluxe Treatment

90 minutes \$225

LuvGold helps to repair oxidation damage and improve the appearance of age spots by helping to slow the creation of melanin, accelerating cell renewal and decreasing skin inflammation.

24 karat gold therapy benefits:

- Detoxify skin
- Improved blood circulation
- Slowed collagen depletion
- Accelerated cell renewal
- Reduction of age spots
- Enhanced elasticity
- Reduced water retention

Coral Calcium Fractional "Prickle" Facial With LED \$149

Smooths uneven skin texture, removes discoloration resulting from acne picking (trauma) or ingrown hairs. Safe for all but cystic acne & sensitive.

FCR treatments are an effective alternative to laser treatments. FCR treatment is specifically formulated with 200-micron meter fractional prickles of mineral rich coral calcium to penetrate deep into the dermal layer and epidermal layer. It activates cell regeneration cycle and stimulates collagen remodeling as well as regeneration of fibreglass and hence, it helps the skin to effectively absorb good nutrients that are applied to it.

As compared to typical laser treatments, FCR poses no risk on post inflammatory pigmentation (PIH), Thus it is definitely safe and Worry Free yet effective with minimal downtime and very mild discomfort & a fraction of the cost as compared to laser treatments.

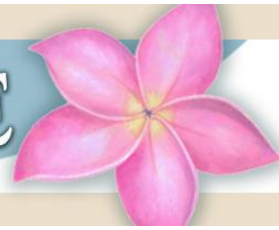

More importantly, this treatment is suitable for almost all skin types and is great address and treat acne, acne scars, pigmentation, freckles, keratosis Pilaris, seborrheic, reduce pore size/ fine lines/wrinkles, improve skin tone/ skin elasticity, lift and tighten up saggy skin on face and neck.
